THE 1000 YEAR FLOOD

THANK YOU

Last month Delta City experienced unprecedented rains and flooding, what experts are now calling a 1000-year storm. We also experienced unprecedented community support. When it became apparent that we were facing an emergency situation it did not take long for the volunteers to come out in mass and lend support and resources. It would be impossible to name all the individuals and businesses who showed up and went above and beyond, but you know who you are, and WE APPRECIATE YOU!

UPDATES

Don't forget to watch the News/Events page on our website for the latest flood information.

SANDBAGS

Sandbags deteriorate quickly after being filled. Please help us prevent over 15,000 sandbags from littering town by dumping them and disposing of the bag in a secure trash receptable.

PROACTIVE

The storm was a great reminder to actively look for ways to protect our families, homes, and community in the event of an emergency. Suggestions: clean out rain gutters, add extensions or diversions to direct downspouts away from window wells, install window well covers, etc. Based on our history a flood is the least of our worries. Are you ready for an earthquake, toxic spill, terrorist attack, etc? Now is the time to make sure you are ready.

LOBBY CLOSED

Due to circumstances beyond our control the lobby will be closed until further notice. Please use www.xpressbillpay.com for balances and payment. You may also continue to use the drop box, email and phone. We will do our best to keep the walk-up window open as well. Thank you for your patience during trying times.
